

Cardinal Gets Life Sentence For "Treason" By Red Court

Budapest, Hungary, Feb. 8 (AP) — The Hungarian People's Court today convicted Josef Cardinal Mindszenty of treason and sentenced him to life imprisonment.

The 56-year-old primate of this predominantly Catholic country also was found guilty of trying to overthrow the Communist government and of speculating in foreign currency. The court rejected Prosecutor Gyula Elapi's demand for a death sentence, but ordered the confiscation of the cardinal's possessions.

All six of the cardinal's co-defendants were convicted, three of them on the treason charge. Their sentences ranged from three years to life.

Other Sentences

The sentences and the charges on which the court convicted them:

Duke Paul Esterhazy, richest man in pre-war Hungary, 15 years; trying to overthrow the government and foreign exchange speculation.

The Rev. Ondras Zakar, the cardinal's young secretary, six years; trying to overthrow the government and treason.

The Rev. Miklos Nagy, secretary of the lay organization, Catholic Action, three years; foreign money speculation and failing to inform the government of crimes.

The Rev. Bela Ispenky, Father Nagy's secretary, life imprisonment; treason and foreign currency speculation.

Prof. Justin Baranyay, professor of church law at Budapest university, 15 years; trying to overthrow the government.

Laszlo Toth, former editor of the Catholic paper Nemzeti, 10 years; treason.

The court ordered that all the co-defendants be deprived of their jobs, fortunes or political rights.

The sentences were handed down after a swift three-day trial by a five-man court composed of the professional jurist, Vilmos Olthys, and four associates drawn from a workers' panel.

Cardinal Appeals

Of the defendants, only Father Zakar did not appeal. Cardinal Mindszenty spoke a loud, clear "yes" when asked if he wanted to appeal to carry the case to a higher court.

Prosecutor Gyula Elapi protested all but one sentence, that of Father Ispenky. He again demanded the death sentence for Cardinal Mindszenty.

The prosecutor's action made it possible for the appeals court to impose even more severe sentences, as well as to reverse the people's court or lighten the penalties.

The appeals court is not obliged to act within 10 days as it would in the case of a death sentence. The life imprisonment sentence made impossible any appeal to the court for a permission to forward a clemency plea to President Arpad Szekessy; this avenue is open only in cases of death sentences.

Attacks U.S.

Judge Olthys said there were three extenuating circumstances in the cardinal's case: he confessed and expressed regret; he lived far from worldly affairs, and the United States, through its minister here, Selden Chapin, "made him hope that the United States of America would start a war and this war would help him attain his aims."

Aggravating factors, the judge added, were the cardinal's high station in the church, his high degree of education, and the amazing

Two Men, Said To Have Criminal Records, Jailed On Charge Of Robbing 80-Year Old Countian

Two Harrisburg men, said by Harrisburg police to have criminal records, are in the Adams county jail today as state police, Harrisburg authorities and Chief of Police Anthony Maaske, of New Oxford, pressed an investigation which may have state-wide significance.

The men were booked as John D. Carr, 29, and Joseph D. Wissler, 35, following their arrest in Harrisburg by police of that city Monday on a warrant issued by Justice of the Peace Claude Straley, New Oxford, on information filed by Chief Maaske. Both are charged with larceny.

The story, as related by Chief Maaske, bore all the earmarks of a "meanest thief" recital.

Posed as Roofers

Maaske said the two men, posing as chimney cleaners, roofers and spouting men, went to the home of Miss Jennie Grove, North Berlin avenue, New Oxford, and set up a ladder. They then asked the 80-year-old woman if they could come inside to warm their hands.

One of the men went upstairs on the pretext of examining the roof. Miss Grove remained downstairs with the other man, Maaske said.

When the first man came downstairs, he charged Miss Grove \$30 for cleaning her chimney, for which no receipt was given, Maaske said. Neighbors, becoming suspicious of

the "visitors," started for Miss Grove's house to investigate. The men got in their car and drove away, the police chief said. The license plate was covered by a rag, which blew off, and neighbors furnished the license number which began the investigation and led to the arrest of the two men.

After the men had gone, and when Miss Grove went upstairs to retire for the night, she discovered that \$150 was missing from a bureau drawer, Maaske said.

Probe Other "Jobs"

"This was money which Miss Grove had accumulated the hard way over a long period of time, by depriving herself of things she needed," Maaske said. He said she had been saving her meager cash to have the house painted and electric lights installed. Miss Grove lives alone, he added.

According to Maaske, Harrisburg police identified the men as belonging to a "gang" in that city, and said that both had criminal records. A report that they had "pulled" a similar "job" in another Adams county community, was under investigation today, along with a probe of their activities in other parts of the state.

Harrisburg police furnished Chief Maaske with pictures of Carr and Wissler, and neighbors of Miss Grove were said to have identified them.

SERVICE CLUBS CONDUCT HEART FUND CAMPAIGN

National Heart Month got underway locally Monday, Dr. C. Harold Johnson, chairman of the local Rotary committee for the fund raising campaign, told Rotarians Monday evening at their regular meeting in the YWCA.

The seven Lions clubs and two Rotary clubs in the county are conducting the drive in Adams county this year, Doctor Johnson said. Plastic hearts are to be placed in a number of business places throughout the county to raise funds for research into heart disease and to provide better treatment of the disease.

Goal of \$2,000

A goal of \$2,000 has been set for the county. Doctor Johnson revealed, but added that "no high pressure salesmanship is to be used to raise the funds. Heart disease is a well known enemy of us all, and there should be no need to dramatize the urgent necessity of more

Burgess Gives "Hot Foot" To Council For Comfort Station

Burgess C. A. Heiges gave borough council what he called "the hot foot" at its regular meeting Monday night in the engine house, to stir up action toward the building of a public comfort station in the borough.

"Women's organizations are raring to go," the burgess said. "The borough council, with the exception of a couple of members, haven't warmed up to this proposition. I'm putting the hot foot on them. I've been trying since 1926 to get a comfort station here, and now I want something done."

The burgess said he was convinced that the money needed to build a comfort station could be raised. He suggested that perhaps the county commissioners might pay half the

Posts Bail For Malicious Mischief

Harvey A. Miller, 23, of Gettysburg R. 4, arrested by state police of the Gettysburg substation on a warrant charging him with malicious mischief, signed a plea of guilty before Justice of the Peace W. D. Brown, Hunterstown, Monday, and was held for court. He furnished \$500 bail.

The warrant was sworn out by Bruce Witter, Hunterstown, who charged Miller with creating a disturbance, breaking a door and smashing windows at Witter's home last Saturday night.

WOULD EXEMPT FARM HELP ON WAGE-HOUR LAW

Adams county fruit growers today learned that Congressman James F. Lind is in favor of exempting farm labor from the minimum wage and hour law and that State Legislator George A. Gooding is planning to introduce a bill in the state Legislature to tax apples one cent a bushel.

The political moves occurred within the past few days. A committee including Harry S. Stoner, Orrtanna, president of the Adams County Fruit Growers Association; George Schriever, Bendersville, vice president, and Ryland Garretson, Bendersville, met with Lind Saturday at the capitol to talk over the problem of paying farm labor a 75-cent-an-hour minimum wage recommended under a new bill before Congress. Lind made his statement that he favors exempting farm labor from the minimum wage and hour law following his meeting with the fruit growers.

Assemblyman Gooding announced Sunday at York his plans to put a bill in the Legislature to tax apples one cent a bushel to establish a state commission for an apple research and educational program. The bill, similar to one which was turned down in the state Senate after passage by the house two years ago, calls for appointment of a seven-man commission comprised of apple growers working under the agricultural department. An executive secretary would be the only salaried official for the commission. The cent

Firemen Will Meet Early On Wednesday

Gettysburg firemen will meet at the engine house at 6:45 o'clock Wednesday night instead of at the regular meeting time of 7:30 o'clock, and will go in a body to the Bender funeral home to pay their respects to George A. McClellan, veteran firefighter and charter member of the Gettysburg fire department, who died Sunday night.

The regular February meeting will take place at the engine house following the return from the funeral home. Following the business meeting, a half-hour school on firefighting will be conducted. Movies will be shown. The purpose, according to William G. Weaver, vice president of the department, is to acquaint new members with equipment and firefighting procedure, as well as a "refresher" for other members.

LIONS ENTERTAIN SONS; WIN ZONE CONTEST AWARD

With 20 of their sons as special guests, members of the Gettysburg Lions club held their weekly dinner meeting Monday evening at the Shelter House.

Allen B. Pannell, Gettysburg college student, entertained with feats of magic after a business session at which results of a zone membership contest were announced; a new club was received and the club's health and safety committee was placed in charge of club participation in the National Heart Association's campaign for funds.

Fairfield Lions were announced as winners of the January new-member contest for the zone by enrolling eight new members for a gain of 30 percent. East Berlin was second with a 26 percent gain through seven new members. Gettysburg ranked first in another division of the contest for enrolling the largest number of new members last month—nine.

Prizes For Sons

Results of the membership contest were announced by the Rev. Charles E. Held, zone chairman, who also urged the club to make the National Heart Association drive its activity for that period. He said Rotary and Lions clubs in the county are sponsoring the campaign for \$2,000 as this county's share of the \$5,000,000 national goal. Gettysburg's quota is \$800.

The boys and girls committee was in charge of entertainment Monday evening with D. L. Norman and T. D. Hay serving in the absence of Chairman W. E. Tilberg. The sons were guests in observance of National Boys' Week. One dollar prizes were awarded to David LeVan, aged three years and one month, as the youngest son present, and to David Swope, 16, as the eldest son among the guests.

Announcement was made that tickets are available to local Lions for the 25th anniversary celebration of the Chambersburg Lions March 2 when International President and Mrs. Eugene S. Briggs and International Secretary Melvin Jones will be guests.

An appeal for a donation to the annual Red Cross drive was turned over to the finance committee.

Henry O. Speicher was received as a new member bringing the roster to 108 members.

NEW ROD, GUN CLUB FORMED

The York Springs Rod and Gun club was formally organized Monday evening at which time 75 members joined the new organization.

Officers were elected as follows: President, Robert Thompson; vice president, Clair Brame; secretary, Robert Martin, and treasurer, Roger Guise.

The following were named as trustees: R. M. Stary, M. S. Hershey, Dick Davis, Elmer Cashman and G. Edward Taughinbaugh.

Work will be started this week on renovating the former Wilt schoolhouse, located about two miles southeast of York Springs, as a club house. The schoolhouse was recently purchased by the group.

A shooting range with traps will be constructed across the highway from the club house. Work is also scheduled to start on the range this week.

It is planned to hold several shooting matches later this year.

BOROUGH FIRE ZONE CHANGED BY COUNCILMEN

Borough council adopted one new ordinance, realigning the fire zone, and referred back to its ordinance committee another ordinance designed to replace the old building code, at its regular meeting Monday night at the engine house.

As defined in the new fire zone ordinance relating to the installation of oil or gasoline tanks of more than 50 gallons capacity, other than those for fuel oil, the boundaries will be High street, Franklin street, Water street and Liberty street.

The placing of the zone limit on the east at Liberty street moves the zone two blocks in toward Center square, and permits the installation of gasoline tanks at the new garage and service station now being erected by Dewey McCauslin on York street.

2,000 Gallon Limit

The old ordinance set the zone limit at Fourth street, and brought the McCauslin garage within the area in which installation of gasoline tanks was prohibited. Tanks installed prior to the adoption of the old ordinance were allowed to remain, however.

The ordinance places a limit of 2,000 gallons storage capacity on tanks thus installed.

The proposed new building code, submitted by the safety committee, was referred back to the committee for clarification.

Principal changes from the present ordinance include elimination of fees for the borough engineer; removal of restrictions which limit the number of families in any one dwelling to two, and provision for use of any building materials approved by the fire underwriters outside the 1,000 foot area called the fire zone, in the center of the town.

SPECIAL GROUP TO STUDY NEEDS OF SCHOOL DIST.

Plans for setting up a commission to study school needs of the Upper Adams system were outlined Monday evening at a meeting of the executive committee of the jointure, and at meetings of the six school boards in the district, all held at the Biglerville high school.

Final details for the commission will be worked out this week. The commission may hold its first session sometime next week, Leslie E. Stock, supervising principal of the system, said.

Fifteen representative citizens from the Upper Adams district will be named to the commission which will study the entire school set-up, study the area and attempt to outline the needs of the district over a long period of time, possibly 20 or more years.

May Enlarge Group

The findings of the commission will be presented to the joint school board for whatever action may be needed.

The commission at present is limited to fifteen men and its membership, according to school board directive, must be representative of every social, cultural and professional element in the area making up the Upper Adams jointure. The names of those selected will be announced in the next few days, Stock said. He also added that the commission, if it finds that fifteen members are not enough, will ask the school board to increase its membership.

At a meeting of the Upper Adams holding company also held Monday night at Biglerville high school the company learned that steel deliveries are holding up work on the nine-room addition to the high school but that the contractor is confident of finishing within the time limit of 320 days from last August 16.

Detainers have been placed against Stanley and Tony Suleski, no fixed address, to bring them back here to face charges of larceny of approximately \$100 from the Majestic Soda grill.

Chief of Police Robert C. Harpster said the men are charged with taking the money here on September 8. They were arrested December 21 by state police of Punxsutawney, in Clearfield county, on a charge of violating the narcotics act, and sentenced to 11 months in the Alleghany workhouse. When they finish that sentence, they will be brought here to face the local larceny charges.

Plans to form a blood donor unit were outlined Monday evening at the regular meeting of the Albert J. Lentz post of the American Legion.

Commander Raymond Spahr gave details of the program whereby Legionnaires will register their names with Adjutant Paul B. Fox, and list with him their phone numbers and blood types. The list will then be available to the Warner hospital as potential blood donors to be called as needed.

Twenty-two new members were accepted into the post bringing the 1949 membership to 1,200, approximately 200 more than the number of paid up memberships at the same time last year, Adjutant Fox reported.

Sheads, of the Americanism committee, reported all plans completed for the annual Legion essay contest being sponsored in the county by the four Legion posts, Biglerville, Littlestown and the two in Gettysburg. \$94,600 Borough Budget Is Tentatively Adopted Monday By Council; Taxes Unchanged

The borough tax rate for 1949 will remain at 13 mills, 11 mills for the general fund and two mills for the special fund, but unless income is greater than the revenues estimated in the 1949 budget and expenditures lower, the borough may be dipping into its cash reserves before the end of the year.

This was indicated at the February meeting of the borough council Monday night in the engine house, when the 1949 budget was tentatively adopted with an increase of approximately \$8,000 over the 1948 budget total. The \$8,000 increase is accounted for in the cost of the installation of new traffic signals, Councilman George D. March, chairman of the finance committee, said.

The budget shows a total of \$94,600 compared with \$86,800 for 1948, as follows:

Safety	\$31,000	\$25,000
Highway	30,000	25,000
Sewers	12,000	15,000
Utilities	8,000	9,000
Health	600	600
Miscellaneous	4,000	4,000
Property	500	500
Finance	8,500	7,700
Totals	\$94,600	\$86,800

Expect \$64,000 Revenue

Council estimated that it will need \$24,655.50 to operate the borough from January 1 to June 1, when the new taxes become available, compared with \$30,000 estimated for this purpose last year.

Estimated revenue total \$64,000, including \$35,300 in tax receipts; \$7,700 in amusement tax and permits; \$15,000 from parking meters and \$6,000 in miscellaneous receipts.

The borough had a cash balance on December 31, 1948, of \$40,255.50, according to the report of the auditors, Carl S. Menchey, S. Richard Eisenhart and John W. Hewitt. The revenues, according to the audit, were \$81,303.90.

Council has placed \$15,000 in its budgets each year as the estimated return from the parking meters, but the auditors' report shows receipts in 1948 of \$20,842.91. Members of council predicted that income from both the meters and the amusement tax in 1949 would be lower. The theater tax in 1948 was \$7,253.55. Other permits brought in the following amounts:

Other Receipts

Building permits, \$489; digging permits, \$3,147.50; sewer permits, \$12.75; garbage collector permits, \$112.65; roller and tractor permits, \$102; shows and circuses, \$240; guide licenses, \$38; peddler licenses, \$200.

The budget includes, in its estimated expenditures, \$1,000 for the Gettysburg Recreation Association and \$600 for the Adams County Free Library. These amounts are the same as for 1948.

The finance committee reported

F. And M. Dribblers To Meet Bullets Here On Wednesday

Now ranked with the top flight Pennsylvania college quintets as the result of having defeated Muhlenberg on its home court, the Gettysburg college cagers meet up with troublesome Franklin and Marshall on the local floor Wednesday evening.

The Diplomats do not have an impressive record this year, having won but three games while losing eight. However, they have flashed enough form from time to time which should serve as a warning to the Bullets. Among their victims F. and M.'s dribblers number Ursinus, Delaware and Albright.

Throughout the campaign the Bullets have blown hot and cold upon occasion. They were definitely "up" for the Mule contest. A let-down Wednesday might result in an upset such as was handed out by Johns Hopkins.

Pure Ready Again
One of the pleasant surprises last Saturday was the return to form of Harry Pure, center. Pure has been handicapped by an injured ankle but apparently has fully recovered and is ready for full time duty.

Ross Sachs, guard, out with a rib injury, is improving and may see action against Lafayette at Easton Saturday.

Sparkling the Diplomats cause is Captain Bobby Zink who has been averaging about 18 points per game.

The Bullets have a season's record of 10 wins against but four losses. All losses were sustained at the hands of out-of-state teams, Cornell, Princeton, Johns Hopkins and Virginia, by a total of but 11 points. The Bream-men make no secret of their ambitions for post-season tournament play and continuing impressive performances should place them in the Middle Atlantic playoffs.

Johnny Yovicin's freshmen, beaten their last two times out after having won five in a row, will be attempting to rebound when they meet the F. and M. frosh in the preliminary game at 7 o'clock.

TOP DIAMOND STARS SIGNING

New York, Feb. 8 (AP)—Prices are going down and so are baseball salaries, but Joe DiMaggio, Bobby Feller, Walker Cooper and Ralph Kiner won't go hungry this year.

DiMaggio especially won't have any trouble keeping the wolf from the door. The New York Yankee star, along with Feller, Kiner and Cooper, agreed to terms yesterday. DiMaggio was the only one of the four, however, who admittedly received a raise.

The Yankee Clipper signed a one-year contract which experts believe will net him \$90,000. Neither DiMaggio nor Yankee officials would reveal the exact terms.

DiMaggio's contract is said to call for a base pay of \$60,000 plus a series of bonuses based on the club's home gate.

Feller, who agreed to terms offered by Cleveland President Bill Veech Sunday night, will make it official this afternoon in Cleveland by inking the form. The big right-hander has agreed to take at least a \$10,000 cut but he won't have to worry about the source of next month's rent. Feller will receive the same base pay as last year—\$40,000 and bonuses based on home attendance.

Kiner, the slugging star of the Pittsburgh Pirates, signed a one-year contract calling for around \$30,000. The exact terms are unknown but a Pirate source said Kiner's contract "always has contained a bonus arrangement."

GHS Dribblers At Waynesboro Tonight

One of the stiffest engagements of the second half of the South Penn Basketball league faces the Gettysburg high cagers tonight when they meet Cal Welliver's Waynesboro high quintet on the latter's floor.

The Maroons will be bolstered for the game by the return of Guy Donaldson, center, whose absence was keenly felt when the locals bowed to Hershey Friday night.

A victory is imperative tonight if the Maroons are to get back into the running for the title. Coach Forney's aggregation scored a 42-29 victory over Waynesboro here last month but expect much keener competition tonight.

The jayvee teams will meet at 6:45 o'clock.

Other league tilts listed for tonight include Chambersburg at Carlisle, Hanover at Hershey, and Mechanicsburg at Shippensburg.

Manila Attacked by Filipinos: Admiral Dewey has cabled the Navy Department that the insurgents at Manila inaugurated a general engagement on Saturday night, which was continued Sunday. "The American army and navy is generally successful. The insurgents have been driven back and our line advanced. No casualties to navy."

According to Aguinaldo's agent in London, the Filipinos have decided that "It was better to fight before the Americans were re-inforced."

The general opinion in Washington on Sunday was, that the news from Manila insures the immediate ratification of the treaty of peace. The losses of the Filipinos cannot be estimated at present, but they are known to be considerable.

The American losses are estimated at 40 men killed and 125 wounded.

The Ygorates, armed with bows and arrows, made a very determined stand in the face of a hot artillery fire and left many dead on the field.

General Otis is master of the situation and the insurgents have been driven back beyond their former lines.

Peace Treaty Ratified: The treaty of peace negotiations between the commissioners of the United States and Spain, at Paris, was ratified Monday by the United States Senate, the vote being 57 ayes to 27 nays, or one vote more than the two-thirds majority necessary to secure senatorial concurrence in a treaty document.

The treaty will now be submitted to the Spanish Cortes at the session which opens this month.

There is a hearty sentiment endorsing the action of Town Council in special session last Tuesday evening in regards to the reorganization

Today's Talk

WINDOWS OF THE MIND

Every few days a man comes to my office with a pall of water and cleaning materials and wipes the dirt from my big windows. Then I look out and am often amazed at the improvement of vision, as the city fairly sparkles below.

This mind of ours has windows, and if they are kept clean we can look out from them with a cheerful philosophy echoing from this heart of ours. Seeing clearly we can think clearly. The good housekeeper insists upon the windows of her home being kept clean and clear.

Too many people look out from the windows of their minds that are all clouded up with dirty thoughts, and darkened with prejudice, intolerance, bitterness, fears, doubts, and resentments. How can anyone see beauty in nature or in human character from such windows of the mind?

There are many ways in which these windows of the mind may be kept clean and clear, so that the vision of the soul bears no clouds before it. A cheerful outlook upon life, a kindly attitude toward all with whom you come in contact, and an honest spiritual appraisal of human values will go far toward keeping these windows free from all dust and dirt.

From these windows we look out upon life. But each of us sees a different view, and what we see is given a personal interpretation. It is this interpretation that furnishes each of us with our own philosophy of life. Perhaps a simpler way to put it would be to state this as merely a plan of life. We certainly cannot expect to travel far without having in mind where we are going and how we are to go.

Some people even have blinds to the windows of their mind — and many keep them closed, blanking out much of the beauty of life. These are among the loneliest of people — just like those who shut out knowledge, friends, and the inspiring things in nature. The mind lives and thrives upon light. Mere sight is a wonderful thing, but to have it and then to erect barriers before it, is tragic.

The mind should have windows placed to get light from every direction. "And God said, 'let there be light'; and there was light." Let us then keep the windows of this mind of our always clean that we may be enriched by the light about us.

Tomorrow Mr. Adams will talk on the subject: "Intelligence Unlimited."

CHILDHOOD AND HATE

I watch the children at their play,
No need to separate,
And think it is too bad that they
So soon must learn to hate.

No one has tutored them as yet
That some are different born,
And they must later on be met
With bitterness and scorn.

And when away from them I turn
I hope it will not be
That any child will ever learn
The ancient hates from me.

Ask Investigation

Of Milk Commission

Harrisburg, Feb. 8 (AP)—A sweeping legislative investigation of the State Milk Control commission was urged today in Pittsburgh's fight for lower retail milk prices.

Rep. Albert D. Brandon, Pittsburgh's assistant city solicitor and long-time foe of the present commission's policies, urged a 10-member committee be set up by general assembly to look into the whole

GASOLINE TAX INCREASE BILL IS INTRODUCED

Harrisburg, Feb. 8 (AP)—Administration forces in the legislature lined up today in back of the hotly debated proposal to raise the state's gasoline tax to five cents a gallon.

The question, already the subject of bitter exchanges between Gov. James H. Duff and the oil industry, came squarely before the Republican-dominated general assembly with introduction of the administration tax program.

The gasoline tax bill proposed a temporary two-cent gasoline tax for the next two years instead of one cent. The remainder of the gas tax is collected under a permanent law. The boost is expected to bring in \$20,000,000 more a year.

Fight On Tax Bill

At the same time, Rep. Lambert Cadwalader (R.—Montgomery), chairman of the House Ways and Means committee, introduced measures to continue all other state taxes for two more years. These included the controversial soft drink levy and postponement of the manufacturer's exemption from the state's capital stock tax until 1951.

Republican leaders in the house, where action on taxes must originate, already are on records as wholeheartedly for the program. They conferred privately last night to plan strategy for the battle ahead.

Meanwhile, administration forces lined up GOP support for a bill to permit the state to bid on a \$3,500,000 steel plant here when it is put on the auction block by the War Assets administration Friday. The state wants the buildings for offices and a warehouse.

The Democratic minority voted solidly against the measure in the Senate and later tried unsuccessfully to block immediate consideration in the house.

Vote Wednesday On Bid

Sen. John H. Dent, Democratic senate leader said, "It seems inconceivable at that time that with the shortage of steel that the state would put out of production a potential source."

In reply, Sen. John M. Walker, GOP floor leader, pointed to the \$138,000 the state spends a year in rentals here and said the commonwealth should at least be given a chance to bid for the plant. He said any delay in keeping the legislation moving would be fatal unless the bill is laid on the governor's desk before Friday, no bid can be made.

In the house, 114 Republicans rose on a motion to suspend the rules to give the senate-approved measure initial consideration. The action made possible a final vote Wednesday. All GOP members were on notice to be there.

Delay School Subsidy Changes

The senate sent to the governor a house-approved bill to change Adjutant General Frank A. Weber's rank in the national guard from Brigadier to major general. It held up a vote on a measure to eliminate a 50 cent-a-day allowance for guardsmen in training. The allowance costs the state \$120,000 a year.

Also held up was a final senate vote on legislation to postpone for a year the shift from assessed to market values of real estate as the basis for calculating school subsidies.

Walker said Allegheny county senators wanted to look into the effects on state school grants to Pittsburgh before a vote is taken.

The 1947 legislature created the tax equalization board to determine the market value of real estate in every school district and make a report by July 1 of this year. The law also provides that state grants this year be made on the new basis.

question of control of milk prices. "I personally favor milk control," Brandon told a newsman. "But I think our methods are out-of-date. The commission never has determined a fair value on which minimum producer and dealer prices are set."

Brandon introduced his measure on the eve of argument in the Dauphin county court today on the right of the Milk Control commission to examine records of eleven Pittsburgh milk dealers.

CIVIL WAR IN CHINA FLARES

Nanking, Feb. 8 (AP)—China's dormant civil war flared into a light fight on the Yangtze today.

Government patrol boats attacked a flotilla of Communist supply craft west of Wuhu, which is about 40 miles west of Nanking. Several Red boats were sunk and 31 junks captured, along with a few Communist prisoners. A naval spokesman denied the Communists were trying a crossing.

The action, first of importance in a month, came as peace hopes wilted. Chiang Kai-shek, the retired president, was reported by the authoritative Shanghai newspaper, Ta Kung Pao, to be getting ready to preside over an "important" Kuo-

tin Bortner, Mr. and Mrs. Malcolm Hess, daughter Brenda; Mr. and Mrs. Roy King, Mr. and Mrs. Levi Hull, Mr. and Mrs. Robert L. Snyder, Mr. and Mrs. William R. As part of the observance of the annual Boy Scout week, Littlestown Boy Scout Troop No. 84 has a display of scout handcraft and scout equipment in the show window of the Stanley B. Stover Electrical Appliance Store, East King street.

Sunday morning, they attended St. Paul's Lutheran church in a body, when the pastor, the Rev. David S. Kammerer preached an appropriate sermon on, "A Great American Scout." Tonight the local boy and girl scout officials will be the guests of the Littlestown Rotary club.

Wednesday, Thursday and Friday, they will have a canoe display at the merit badge show in the American Legion Building, Hanover. Each year, the troop takes a trip during Boy Scout week. Cardinal Gets

(Continued from Page 1)

Cardinal Mindszenty is the first prince of the Catholic church to face the penal measures of a government while actually a member of the sacred college of cardinals. He stood quietly, hands folded, face expressionless as Judge Olthys pronounced the court's findings.

All the defendants stood in a row, as the judges entered the tiny chamber seven minutes late, at 9:07 a. m. (3:07 a. m., Eastern Standard Time). Olthys announced "the people's court is now in session."

Spectators Relieved
The cardinal murmured as his name was called in the rollcall of defendants.

First, the judge announced the court's findings in each individual case. The tension grew with each minute of the proceedings, because in accordance with normal procedure the sentences were not pronounced until after all the findings as to each individual's guilt had been made.

The spectators visibly relaxed when it was finally disclosed that the cardinal had been sentenced to mintang (Government) party meeting in Canton on March 29. This was taken by many to mean the long time Chinese leader might take over the reins of the faltering government from Acting President Li Tsung-jen.

The acting president, repeatedly repulsed by the Reds when he sought to get them around a peace table, was given slight chance of success. Most sources said he might be able to surrender Shanghai and Nanking before the Reds take them but had little chance of making peace for the rest of China.

Pope To Protest
Vatican City, Feb. 8 (AP)—Pope Pius XII heard the news of the sentencing of Josef Cardinal Mindszenty "with the most profound sorrow," a Vatican source reported today.

The informant said the pontiff would seize "the first occasion that presents itself to make a protest in the harshest and most definitive terms."

Earlier an American priest at the Vatican commented on the sentence: "They want to put him on a shelf to be forgotten—but he will not be forgotten."

Harrisburg, Feb. 8 (AP)—A protest against the treason trial of Josef Cardinal Mindszenty came before the state Legislature today.

A Senate committee is considering a resolution introduced by Sen. Israel Stiefel (D-Phila.) calling on the American delegates to the United Nations to intervene on the Cardinal's behalf.

HOUSE BACKS REORGANIZATION BILL 356 TO 9

Washington, Feb. 8 (AP)—President Truman's request for broad power to reorganize the government rested with the Senate today, following overwhelming approval by the House.

The bill to give the President permanent authority to reshuffle a sprawling array of executive agencies—subject to a veto by Congress got its okay in the House last night by a thumping 356-9 margin.

Aside from the veto provision and another setting up special treatment for seven agencies, the bill would give Mr. Truman practically a free hand in streamlining the complex executive establishment, which in 20 years has grown from 350 to 1,800 agencies and from 570,000 to 2,100,000 employees.

The measure now goes to the Sen-

ate, where former President Herbert Hoover ran strong interference for it yesterday before the Senate executive expenditures committee. Hoover is chairman of the commission created by the last Congress to map reforms for the whole executive branch.

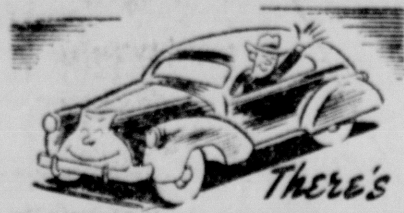

In its first report yesterday, the commission recommended a vast rearrangement of agencies—including a merger which would leave only some 20 offices where 65 now exist. The commission described that report as a "skeleton," with details to come later. Hoover filled in some of the gaps. In testimony before the committee and later, speaking to a news conference, he said:

Additional Cabinet Post

1. If all the proposals offered by the group are followed the taxpayer should realize a \$3,000,000 saving from the resulting economies in government.

2. An additional cabinet-rank department probably will be recommended—a department of public welfare, to absorb the present federal security agency headed by Oscar Ewing.

3. The commission will not re-

commend abolition of the Interior department, as reportedly recommended by one of its "task force." Arguing against exempting any agencies from reorganization plans, Hoover blasted the "propagandizing" which he blamed for efforts to put some offices out of the President's reach.

Single Packages Bill
He said such "pressure" in behalf of the army's corps of engineers was responsible for the military establishment's inclusion among the seven agencies granted special treatment in the House bill.

That treatment provides that a reorganization plan for such an agency must be submitted to Congress in a single package, to assure a clear-cut vote, uncomplicated by any other considerations.

Besides the Defense department, other affected agencies are the Interstate Commerce Commission, Securities and Exchange Commission, Federal Reserve Board, National Mediation Board, Railway Retirement Board and Railway Adjustment Board.

Toll Bridge Bill Coming Next Week

Harrisburg, Feb. 8 (AP)—Legislation to free Pennsylvania's last privately owned toll bridges will be introduced next week with an administration label.

Sen. George N. Wade (R-Cumberland) told the state Senate last night that "final touches are being put on a series of bills covering all aspects of the problem." He emphasized they will have the full backing of Gov. James H. Duff, but declined details.

Coincidentally, Rep. Adam Bower (R-Northumberland) told a reporter he will seek to have the proposed new state building authority take on the job of freezing the toll spans.

Bower and Rep. Charles Reagan

(R-Union) already are sponsors of a measure to utilize a \$10,000,000 bond issue approved 15 years ago to finance the undertaking. This plan, however, would require the state to collect tolls until the bonds are liquidated.

The tune "Yankee Doodle" is of unknown origin, but appeared in the 18th century as an instrumental air and was a favorite march tune of Revolutionary troops.

Ancient Babylonians and Egyptians early learned to measure time accurately by the sundial.

RED MENACE KEEPS WORLD UNDER TENSION

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

One of the striking developments of the post-war period is the increased knowledge of world affairs possessed by the average citizen of the United States and other democracies.

The global war of course has been partly responsible for this change. Our fighting men have been sent to the four corners of the earth. Not only have we had to learn about the outside world in order to keep track of them, but they have brought home to us much that is new.

However, most of our new-found education comes from another and paradoxical source. That is Bolshevism, which has stepped out of the Dark Ages in a new guise and is making aggression against the rest of the world.

Many Are Affected

Did you ever stop to think how greatly our lives are affected by this Red world revolution?

We live in a state of constant suspense. Spies and fifth columnists are working among us, aiming at the overthrow of our government.

The high cost of living is due in part to the unsettled conditions of the world. Our taxes are swollen to defray expenses for defense against the Red aggression. We have to maintain a great Army, Navy and Airforce because of the Bolshevik menace.

Our wealth is being poured out to help many nations defend themselves against the Red plague. There's aid for China, aid for Turkey, aid for Greece, aid for all western Europe through the Marshall Plan which Russia is trying her best to disrupt. We even make a special contribution to maintain the United

Nations which the Muscovites use as a Red sounding board for propaganda.

"We Are Lucky"

So in one way and another our lives are affected by Red aggression. Small wonder, then, that most citizens of the democracies should be making it their business to study developments and personalities involved in this cold war.

That is so of Europe, too. Indeed, such wretched slave-states as Czechoslovakia and Poland and Hungary are learning from cruel experience what Communism means. The rest of us are lucky that we can learn by observation.

The first weight-driven clock was invented during the Middle Ages.
